

USBAC DIGITAL PROSPECTUS

Accelerated Accreditation for the Modern Education Ecosystem

Validating agility, technological relevance, and direct
workforce employability in a fast-moving digital economy.

THE USBAC AUTHORITY

ESTABLISHED IN 2006

HEADQUARTERED IN ILLINOIS,
UNITED STATES.

AN INDEPENDENT GLOBAL AUTHORITY FOR
EDUCATIONAL QUALITY ASSURANCE AND
INSTITUTIONAL RECOGNITION.

THE BRIDGE TO EXCELLENCE

THE GLOBAL
DIGITAL ECONOMY

EMPOWERING INSTITUTIONS DELIVERING PROGRAMS IN
AI, DIGITAL STRATEGY, DIGITAL TRANSFORMATION, AND
EXECUTIVE EDUCATION TO BYPASS BUREAUCRATIC DELAY.

THE PARADIGM SHIFT IN EDUCATIONAL VALIDATION

DIMENSION	LEGACY ACCREDITORS	USBAC ACCELERATED MODEL
EVALUATION FOCUS	HISTORICAL INPUTS (Physical library footprints, tenured faculty publications)	REAL-TIME OUTPUTS (Industry alignment, tech relevance, employability)
TIMELINE	5–6 YEAR BLOATED CYCLES	8-WEEK FRICTIONLESS CYCLE
EVIDENCE MODEL	VAGUE, OPEN-ENDED NARRATIVES	DIGITAL EVIDENCE VIA CLOSED-ENDED LOGIC GATES
ULTIMATE GOAL	BASIC ACADEMIC COMPLIANCE	DIRECT WORKFORCE EMPLOYABILITY

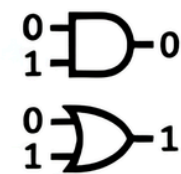

The VELIS™ Engine

Validated Education & Learning Institutional Standards

Institutional Inputs

Data-Driven Maturity Assessment

Closed-Ended Logic

Replaces vague narratives. Checks tech stack, corporate advisory boards, curriculum update velocities.

Mandatory Digital Evidence

The system requires proof of claims, removing physical paperwork.

**Real-Time Output Scoring
Accredited Output**

The Four Pillars of Accelerated Accreditation

Speed to Market

Achieve verified accreditation in weeks/months, not half a decade. Market new, innovative tech programs immediately.

Enterprise Trust

Earn immediate credibility with enterprise hiring managers and L&D buyers through proven industry alignment.

Proof of Employability

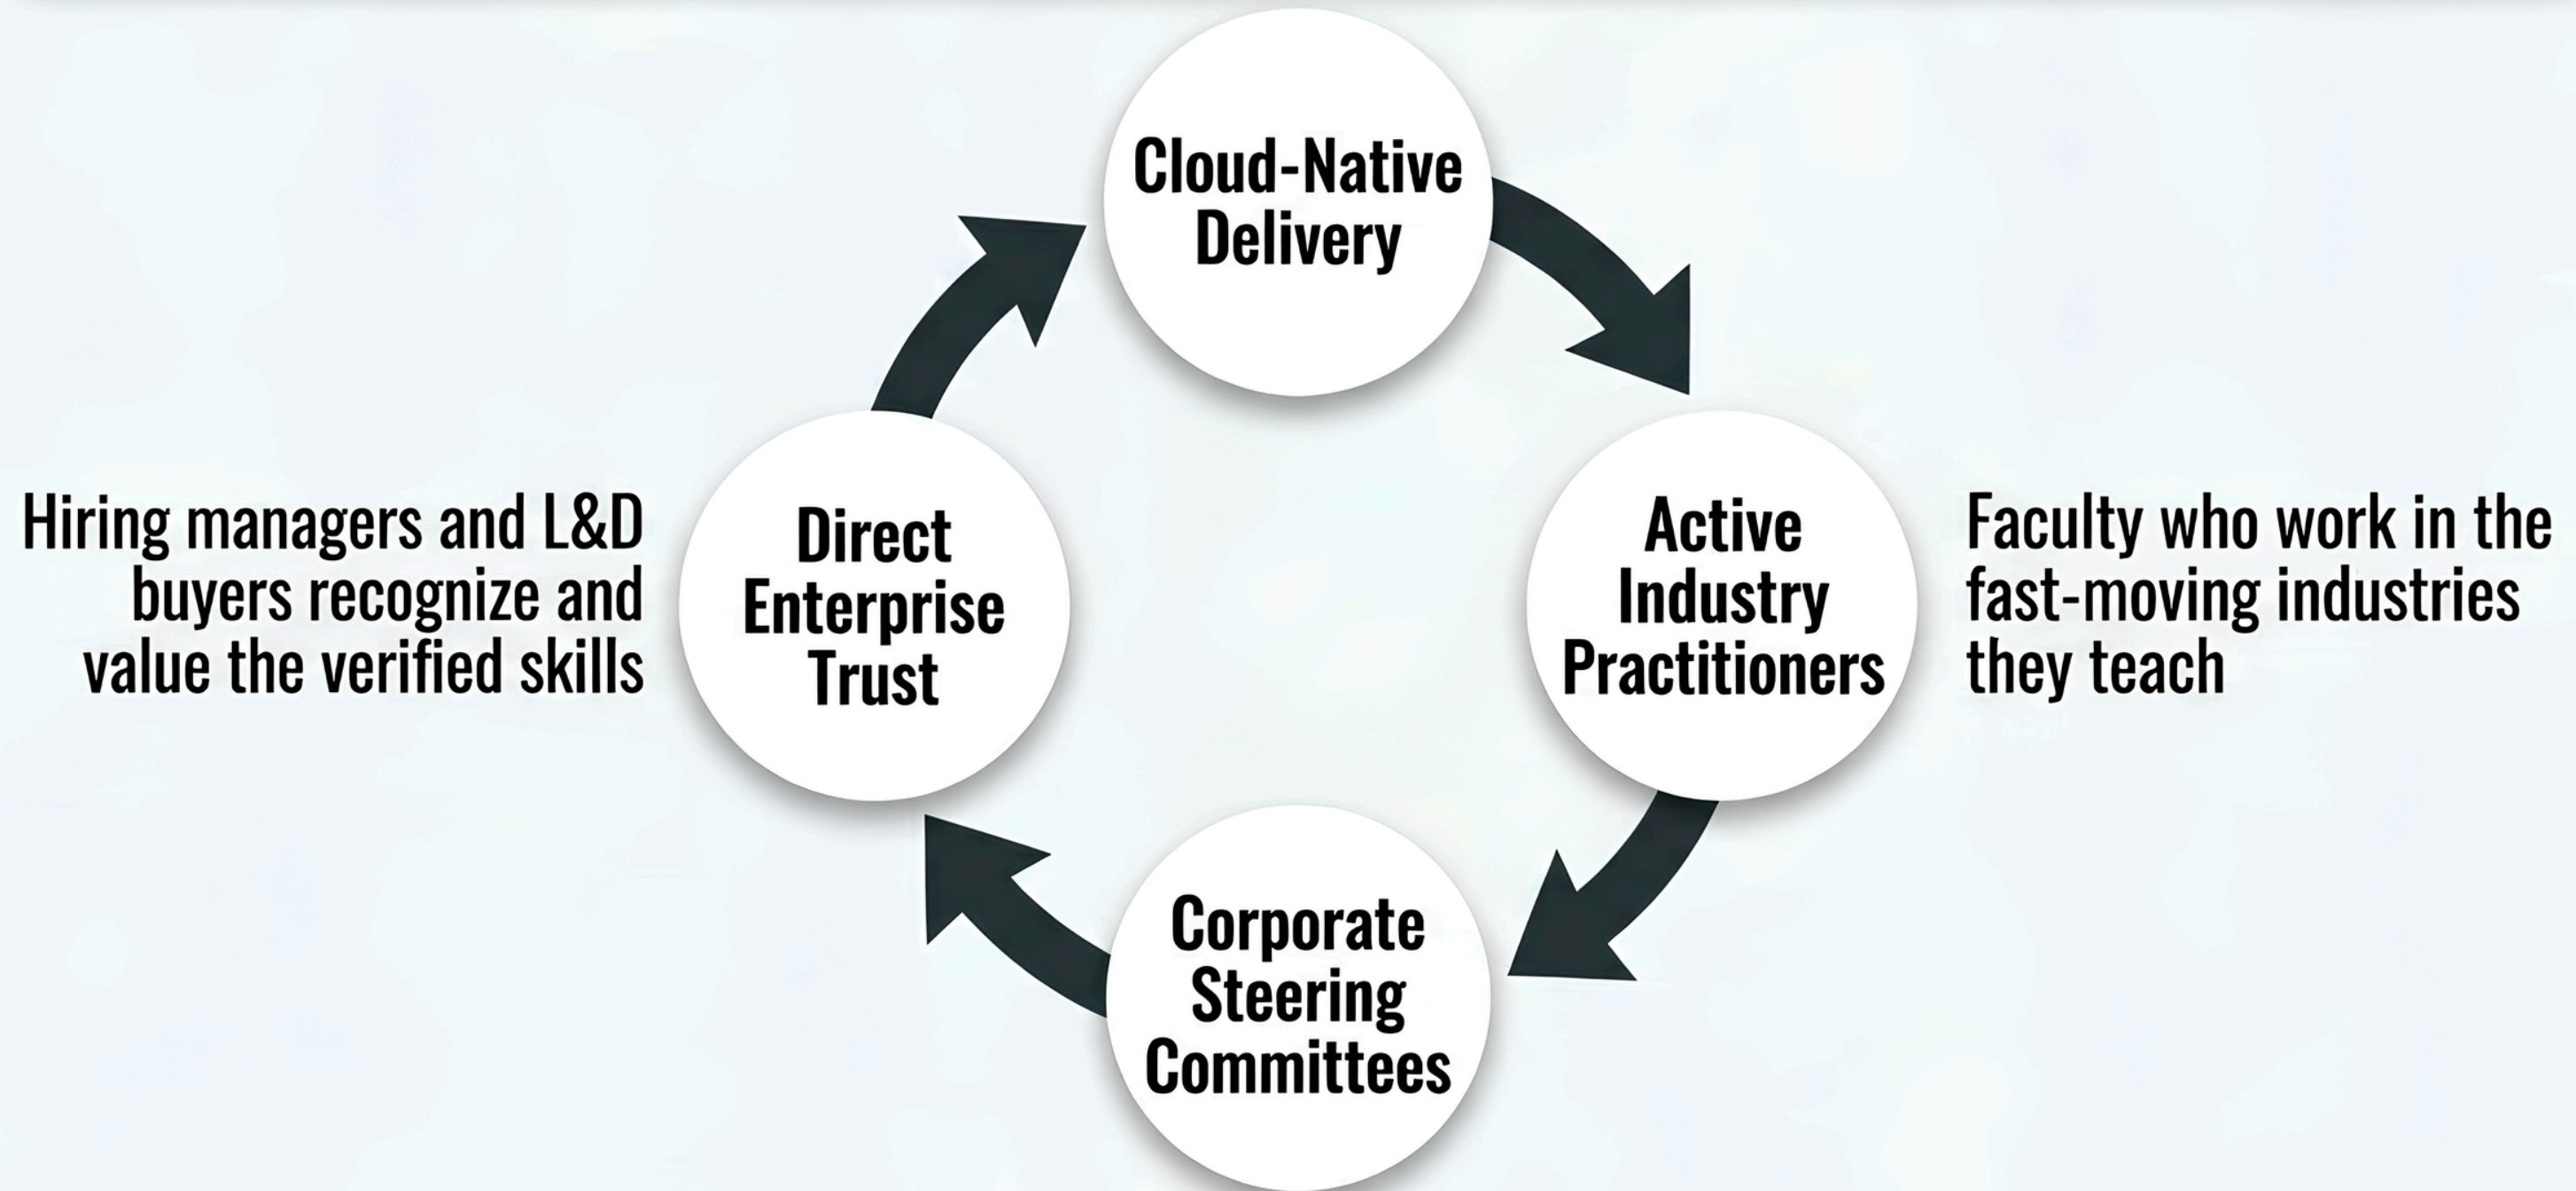

Framework explicitly measures career outcomes, enterprise partnerships, and project portfolios. Results in jobs, not just degrees.

Frictionless Validation

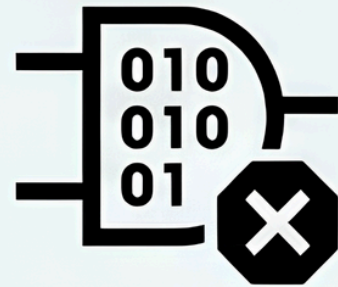

Digital-first evidence capture. Streamlined software validation and rigorous peer review replaces physical paperwork and on-site visits.

Generating Enterprise Trust: The Employability Loop

The 8-Week Acceleration Blueprint

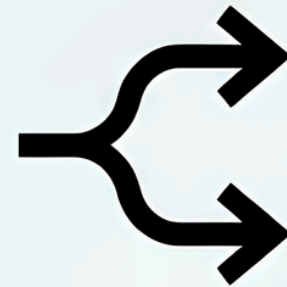

Phase 1: Weeks 1-2

Eligibility & Knockout Assessment

Rapid assessment of non-negotiable standards (legal registration, cloud accessibility, core faculty ratios). **Failure to provide mandatory proof halts the process, saving resources.**

Phase 2: Weeks 3-4

Evidence-Based Self-Study

Platform-based weighted VELIS questionnaire. High scores trigger conditional logic requiring digital proof (e.g., capstone rubrics, MOUs with hiring partners, syllabus version logs).

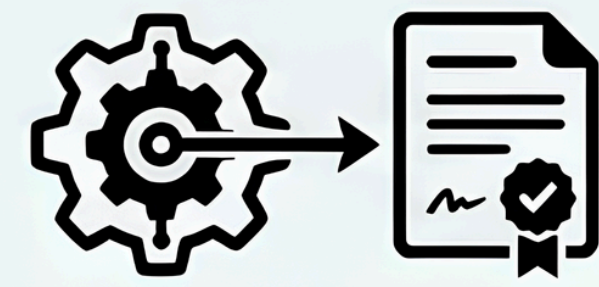

Phase 3: Weeks 5-6

Expert Validation & Peer Review

USBAC technical officers and active industry advisors verify uploaded evidence. Reviewers validate or downgrade the maturity claim based on documentation strength.

Phase 4: Weeks 7-8

Final Scoring & Registry Listing

Algorithmic scoring engine calculates final weighted score.
